Electronic Scoring Equipment

At the November competition night we had a trial run of some electronic scoring equipment. It proved to be an interesting experience and I hope it will be repeated in the near future with maybe a few minor changes in proceedings. I'm not sure what the brand was, but maybe it was LG as Lawrence ending up winning everything for the night. Well Done Lawrence – there was some amazing work.

Time to Return

Remember the first night back is the 2nd February. The Prints and Slide of the year will be announced and we be having a sausage sizzle round the BBQ at the back of the hall.

Things to do during the break

For those interested in crowd photos and those with long lenses for stage photos - Carol by Candlelight is on Sat 18 Dec ending in a blaze of fireworks

The reflections light show will light up the harbour and the bridge nightly during the festival.

The Lazy Kings is a theatrical performance which includes "an aerial procession amidst a blaze of flares" through Olympic Park. Theatre for the whole family, photography for the daring few on Jan 8,9,10. Performances start at 8:30

Religious, Portrait, Creative and Music. Autumn Colours will have to wait until we return

Shows

Remember to get your entries ready for Blacktown, Castle Hill and Richmond Shows as entries will need to be in soon after we return in February.

Things I Have Learnt This Month

Your camera makes a lovely brrrring noise when the electronic cable release jams and its hard to choose which of the 36 almost identical photos is the best.
