## Sister Club

We are in the middle of negotiating with the Sapphire Coast Camera Club at Bega to become a sister club. If you have any ideas about how to involve our sister club in any of our activities please let us know.

## Hills District Interclub

Congratulations everyone on a job well done when we hosted the Interclub, Supper was phenomenal and everyone arrived early and pitched in to help. We started on time and everything went well except for a couple of minor hiccoughs. I would like to thank David Miller for coming to do the judging and congratulations to The Hills for winning the trophy this year.

## Featherdale Outing

A very successful turnout for this freezing early morning we were thirteen in all and we were there before the park opened to the public. We were not alone as we thought we would be - we got there at the same time as the tour buses heading for the mountains for the day. A wander around the park, a free cup of coffee and another wander around the park, laughing at the antics of the animals especially the kangaroo who thought my tripod was his breakfast and got quite agro when someone tried to separate him from his meal. Later the same roo decided he was a red kangaroo and he should mate with my red coat - I couldn't escape the enclosure quick enough. The Japanese tourists seemed think this was a show put on for them - so watch out for me on funniest home videos.

## Merit Stickers

If you get a merit sticker on a photo please keep this photo for future competition. When we call for entries please use these photos as well as any you feel we may like

## FCC Interclub

Entries for the FCC Interclub need to be in by 6th September meeting. Similar to our local rules. 10 entries for each category per club and the categories are: large colour prints, large monochrome prints, mini prints, natureprints, nature slides, and digital.

## Next Set Subject

**Texture** 20<sup>th</sup> September

Texture is all about us. In the bark of a tree, in the weave of material. Show us how to show this texture in a two dimensional format to bring it to life.

## Next Outing

Camera Rally 16th September  
Where are we going? What are we going to photograph? Which lenses do I bring? I cannot tell you. It will be a surprise. I can tell you: We will be having a BBQ Lunch at the halfway point. We will be catering for both digital and film this year. The results this year will be peoples choice.

## Judging Workshop

At the judging workshop next month we will be experimenting again and breaking up into small groups to talk about some photos you may have already seen. We want you to look at these photos and tell us what you like about them and why the photos are good.

## Quote

Photography is not about cameras, gadgets and gismos. Photography is about photographers. A camera didn't make a great picture any more than a typewriter wrote a great novel. -Peter Adams, Sydney 1978
