## Model Night

Model Night was again a success with about a dozen photographers falling over each other to get the good shots. We had two models, both young ladies. The younger behaved impeccably for someone whose bedtime was long past.. Four month old Tiana (hope I spelt it right) didn't even start to grizzle until she had spent about 2 hours in front of the cameras with flashes popping every few seconds. Thank you to Crystal also for coming along and to Val for helping to orchestrate some of the poses. Remember everyone, these two ladies deserve something for their efforts so please let them have copies of the photos.

## Blacktown Festival

Many people will be disappointed this year as BCPC did not put in an appearance at the Festival. After last years debacle with the high winds and extremely cold weather and no protection we asked for a more protected area to show our photos without any positive result from Blacktown council. So apologies to anyone who went looking for us – but maybe next year.

## White Water Stadium

It was a beautiful day to be out in the sunshine. There was action a plenty all morning. The morning started with white water Kayak classes with all sorts of action around the whole circuit and even some flat water training off to the side, Then about 11 the lessons ended, the turbulence was turned up and the rafts came out. Now there was a mixture of kayaks and rafts on the water. With long action sequences, cards and film were soon used up. Well worth visiting again some time in the near future

mmm!

tastes better  
than the  
Nikon

## Raffle Tickets

Have you got your raffle tickets yet? It is due to be drawn soon. See Alicia if you do not have any tickets.

## Web Site

I like to think that the website shows the world what BCPC is and what our activities are, but when the members do not update their galleries – how can this be so. If you do not have a gallery or haven't updated it for more than a year, please do so. Just 3 or 4 photos from each member in their personal gallery and one of two from the model night gallery and one or two from the WW stadium for the outings gallery will make it club web site – rather than my web site. email them to me at [bcpc@genica.com.au](mailto:bcpc@genica.com.au).

## Monitor Calibration Tool
