Congratulations

Congratulations to who entered Topshot especially Linda who received 2 merits in the digital nature section

Homebush Bay Night Shoot

Finally we made it to Homebush Bay for our night shoot. Coinciding with a Swans games meant roads were closed and parking was at a premium. We all finally met up at the brickpit, (at least I hope it was all of us) and took photos around the walk, went down to the wharf, then back to the stadium to get some food. We finally left when the game was at $\frac{3}{4}$ time as the crowds were starting to leave.

Projected Images Comp

Our Projected Images comp went well again this year. We had over 130 entries – a difficult decision for the judge. We Linda walked all over the opposition in B group, scoring 15/15 for most of her entries. Jen won the A group section with only one15 and a lot of high standard opposition.

Outings

We will be having more outings in future as Penny and Bob have taken over organising them. They have many ideas of where to go, but are looking for more. Over-nighters and weekend trips will be available from time to time.

Day Group

We will be starting a day group in August for anyone interested, It will probably be operating on the 2nd and 4th Monday of the month at 10am. It will be more focused on taking photos than competition. Please let me know if you are interested or let me know if you can help get it started even if you aren't interested in going on a regular basis, I am away for the next three weeks – so think about and let me know when I get back.

April Top Scorers

A Colour Valerie Bower

A B&W Jen Keys x 2
Eddie Bartolo

B Colour Eva Burt
Bronwyn Elliott

B B&W Eva Burt

Next Set Subject

Freestyle/Creative . Anything goes- just remember you have to get it into the room. It's too cold for us all to troop out to the car park.

Next Outing

Cockatoo Island. Meeting at The Muster Station Café, just near the ferry wharf at 10:10am on Saturday 17th May

The Editor is Slacking

There was no April issue of Short Snaps because of family issues – so I must apologise.

There will be no June issue of Short Snaps

as I am going away next week while the hail damage on the car gets fixed. As this is expected to take three weeks –that's how long I'll be away. So no June issue of Short Snaps either- again I apologise

Monitor Calibration Tool

We have a Spyder Express Monitor Calibration tool for CRT, LCD monitors and Laptops available to all members. See Alicia if you would like to use it
