Outings

We've had two outings since the last Short Snaps came out.

Cockatoo Island – 17th May

[Exerts from Bob's report on the web](#)

Just a brief note to let all those who were unable to attend that the outing to Cockatoo Island was a great success. We had a good roll up with 11 members attending. From all the comments at lunchtime everyone seemed to enjoy the time on the island. Upon arrival we split up into groups wandering the island snapping anything that moved or stood still. This location is steeped in history with lots of information available at the site. It was certainly good going out with a sizable group as there is always someone to give advice and suggest taking the photo from another location to get a better shot. All in all a very pleasant day.

Big Bad Bob

Fagan Park – 8th June

[Exerts from Penny's report on the web](#)

Those who did venture out [on a bleak day] where very impressed with what they found.

We wandered around visiting the different gardens looking for the best position to snap that award winning pic. There was a lot to choose from Each was designed to capture the essence of the nation they represented. Springtime shots will be delightful when we return.

We just made it to the picnic area in time as the heavens opened and down it came. Who cared, no one. Eva had done her magic and produced a picnic fit for kings & queens. We ate heartily and after packing up the many leftovers we visited the Fagan Homestead & museum.

Thanks To all for a great day.

Next Set Subject

On the Street Where you Live.

What is happening on the street where you live. Is it an urban landscape or an urban jungle. Maybe it's a country hideway. Doesn't matter – show it to us.

Next Outing

The next outing is to Parramatta Park this coming Saturday. It will include a workshop in Government House but this needs to be pre booked. See Penny for more details about the rest of the day if you want to join us.

Monitor Calibration Tool

We have a Spyder Express Monitor Calibration tool for CRT, LCD monitors and Laptops available to all members. See Alicia if you would like to use it

Tip of the month

Flower Photography

I noticed some buds on my jasmine bush the other day so I thought it was time to get ready for spring. So here is an article on flower photography.
