## Outings

### Parramatta Park 5th July

This was a special day out with a pre-booked workshop component provided by Government House. It was a bit disappointing that not everyone turned up as we had to pay for those not attending and some have not yet reimbursed us..

Eight of us did turn up and we went for a roam around the park. At 11:30 we had a tour booked of Government House - no photos please - if you are caught taking photos we revert back to 1815 and you will be flogged.

The afternoon workshop started with a brief history on photography and then experimenting with light sensitive paper. and experimenting with coloured papers and materials when doing photography.

Very enjoyable

## Wanted – a new home

Nic knows of some darkroom equipment and film cameras that need to go to a new home. At least one of the film cameras is a medium format camera. So if you feel you could help some of these homeless waifs please have a chat to Nic

## Monitor Calibration Tool

We have a Spyder Express Monitor Calibration tool for CRT, LCD monitors and Laptops available to all members. See Alicia if you would like to use it

## Tip of the month

### Water in Motion

Next time it rains make a trip to the mountains to see the waterfalls or go to the coast to see water in motion See Andy Longs hints and tips <http://www.apogeephoto.com/aug2008/along82008.shtml>
